

Sagar Bhimani - Project Portfolio

MortgageFinder (Techiebutler)

Live URL: <https://www.mortgagefinder.ae>

Worked as a Senior Backend Developer using Symfony. Developed and maintained REST APIs, implemented Amazon S3 document uploads, Braze integrations, backend enhancements, performance improvements, and system maintenance.

Compare Club (ProlixTechnikos)

Worked on backend APIs and AMS/Admin Panel using Symfony and Twig. Managed database tasks using DbWeaver, upgraded Symfony/PHP versions, developed React.js features, and collaborated with India and Australia teams.

Halo-Analitica (ProlixTechnikos)

Attendance management platform using fingerprint devices. Built REST APIs with API Platform and Symfony, documented APIs with Swagger UI, and worked with PostgreSQL databases.

Cocolabs / Cocorico Ecosystem (ProlixTechnikos)

Live URL: <https://cocolabs.com/en/>

Worked on multiple marketplace projects including HomeExchange, BDT, Sora, RealData, and 52Entertainment. Used Symfony, Twig, SCSS, JavaScript, jQuery, and MySQL while collaborating with France-based teams.

TravelStride (Vispan Solution Pvt. Ltd.)

Live URL: <https://www.travelstride.com>

Worked on Magento-based API integrations using SOAP and REST services. Integrated travel data and collaborated with US-based clients and QA teams.
